Fabric Market Stripe Celadon

Born from the weeks we all spent at home in spring 2020, Fi created this new range of joyful designs to celebrate the flowers and foliage found in her own garden. Featuring humble flowers such as daisies, poppies and bluebells, it is a gentle reminder to appreciate the beauty in nature all around us. We also introduce our first series of stripes and smaller scale prints that are perfect for layering with other patterns while still being beautiful when left to sing alone.
